

# Our Green Obsession:

## A Beautiful Lawn without Polluting?

Find out how when Paul Tukey, founder of the non-profit SafeLawns.org, comes to Houston to address lawn care professionals and consumers on ways to have a green, “safe” lawn.

### 3 events with nationally known organic lawn care expert Paul Tukey

- Monday, March 8 6:30—9pm—Tukey will teach a class for the general public on the topic of organic lawn care and sign copies of his book *The Organic Lawn Care Manual*. Urban Harvest event. Oberholtzer Hall, University of Houston Central Campus \$20 at the door. “Classes” link at [www.urbanharvest.org](http://www.urbanharvest.org)
- Tuesday, March 9 8:00am—12:30pm Organic Turf Management Seminar for landscape industry professionals. United Way, 50 Waugh Dr, Houston 77007. Keynote speaker, Tukey will delve into the economics, science and business of going organic.
- Tuesday, March 9 6-8pm—First Texas screening of Tukey’s new documentary, *A Chemical Reaction*, about Canada’s lawn and garden pesticide revolution. United Way, 50 Waugh Dr, Houston 77007. \$10 at the door or FREE to attendees of the Organic Turf Management Seminar. Light refreshments provided by Ruggles Green™ and San Jacinto Environmental Supplies™.
