

Backyard Composting - Correct Application of

YardWise

A Course for Yard Care

The "YardWise" program is a FREE annual course available to all Harris County residents interested in learning more about environmentally responsible yard care. This three hour course is a shorter version of our annual full day YardWise class. Participants will experience a classroom session that features lectures, slides, and some possible field instruction if time and weather permits.

Some Yard Care topics that may be covered:

- Backyard Composting
- "Don't Bag It" Plan
- Integrated Pest Management
- Less Toxic Alternatives
- Mulching & Grasscycling
- Vermi-Composting
- WaterSmart
- Xeriscaping

Date of event: Saturday, October 1st from 9 am - Noon

Location: Challenger Seven Learning Center

2301 W. Nasay Parkway, Webster, TX 77598

If you are interested in participating in the YardWise Course, contact us by phone, email or visit CleanWaterways.org/community/yardwise.asp.
