WHAT NOT TO BRING?

Business Waste, Medical Waste, Radioactive Waste, PCBs or Dioxins, Ammunition or Explosives, Compressed Gas Cylinders, Smoke Detectors, Microwaves, Washers or Dryers, Refrigerators or Freezers, Air Conditioners, Dehumidifiers or Household Trash

SAFETY TIPS! (How should I prepare materials for transport to the collection site?)

- Bring products in their original, properly sealed and labeled containers—Do not mix products
- If the container leaks, pack in a larger container and use absorbent, such as cat litter, to soak up leaks
- If you do not know what it is, mark it “unknown”
- If possible, place materials in cardboard boxes—boxes with dividers make for good packaging
- Place materials in areas away from drivers and passengers
