John Whitescarver, QEP, CSI
Executive Director, National Stormwater Center

After serving on the EPA team that developed the NPDES program, John worked as a consultant to industry and local governments. His experience includes construction as a registered general contractor and he is an instructor for the Florida Department of Environmental Protection's Stormwater Management Inspector Program.

Important: The Center for Environmental Compliance, Inc. d.b.a. the National Stormwater Center is an independent non-profit organization providing compliance assistance. The Center is not affiliated with any government agency or any manufacturer or supplier. Vendors and consultants may not promote products or services. Stormwater training is a permit requirement, but the CSI course is voluntary.
