

Commercial Management Facilities for Hazardous and Industrial Solid Wastes

This publication lists facilities that have permits or interim authorizations from us—the Texas Commission on Environmental Quality (TCEQ)—to manage industrial hazardous waste, industrial nonhazardous waste, or both. As you use this list, understand these conditions:

- As the originator of the waste, you must determine which facility best suits your purpose.
- The conditions of each facility's permit restrict the types of waste that facility may accept. These restrictions might prohibit a particular facility from accepting your waste.
- We do not recommend, or refer customers to, specific businesses.
- This list offers no information about whether a specific facility is complying with the conditions of its permit. You can find general information about a facility's compliance history on the TCEQ web site, www.tceq.state.tx.us (search for "Compliance Histories").
- Addresses given may be mailing addresses, the physical location of the facility, or both.
- The telephone numbers in this list may be for the facility itself or for a company office elsewhere. The person at a listed number may not be able to answer your questions about disposing of waste at this facility, but they should be able to direct you to the person who can.

This list is organized first by TCEQ region. Each of the 16 TCEQ regional offices serves a group of counties in the vicinity of the city where the office is located. Region 1 is in the Panhandle (Amarillo). The numbers increase to the south, ending in the Rio Grande Valley (15 = Harlingen; 16 = Laredo). To find a waste management facility convenient to you:

1. Scan the list for the regional headquarters city nearest you. [Regions 2 (Lubbock), 8 (San Angelo), 11 (Austin), and 16 (Laredo) have no commercial facilities accepting hazardous or industrial solid wastes and so do not appear in this list.]
2. Within each region, facilities are grouped by county. Look for counties that are convenient to you.
3. Facilities in each county are listed in alphabetical order by the name of the operator.
4. If you wish, use the Industrial Solid Waste Registration Number, EPA ID, or permit numbers and the "Advanced Search" feature of our online Compliance History Database to find out about the general compliance history of the facility.
5. Also consider other nearby TCEQ regions. The facility closest to you might be in a different TCEQ region.

Texas Commission on Environmental Quality · PO Box 13087 · Austin, Texas · 78711-3087

The TCEQ is an equal opportunity/affirmative action employer. The agency does not allow discrimination on the basis of race, color, religion, national origin, sex, disability, age, sexual orientation or veteran status. In compliance with the Americans with Disabilities Act, this document may be requested in alternate formats by contacting the TCEQ at 512/239-0028, fax 23904488, or 1-800-RELAAY-TX (TDD), or by writing PO Box 13087, Austin, Texas 78711-3087.
