WHAT NOT TO BRING?

Business Waste, Medical Waste, Radioactive Waste, PCBs, Dioxins, Ammunition, Explosives, Compressed Gas Cylinders, Smoke Detectors, Washers, Dryers, Refrigerators, Freezers, Air Conditioners, or Household Trash

SAFETY TIPS! (How should I prepare materials for transport to the collection site?)

- Bring products in their original containers—Do not mix products!
- Make sure containers are properly sealed and labeled correctly
- If the container leaks, pack in larger container and use absorbent, such as cat litter, to soak up leaks
- If you do not know what it is, mark it “unknown”
- If possible, place materials in cardboard boxes—boxes with dividers make for good packaging
